Monday evening in T. A. B. hall Waldek Zbyscko, the Pele, and Ignatz Mulsofski, the Russian, were the principles in a catch-as-catch-can wrestling bout. The Pole threw his opponent with ease. In the first round he threw him in 9 minutes and secured the second fall in 6 minutes.

All the way through the bout the Russian took to the defense, but in the first round he had a head scissors on the Pole that looked dangerous for a while. Through a lot of squirming and moving around Zbysco broke the hold and got a Nelson that pinned his his opponent to the mat. Two or three his opponent to the mat. FINANCIAL AND COMMERCIAL

SMALLEST OF YEAR.

Business on the Stock Exchange at Low Ebb Yesterday.

New York, Feb. 24.—Transactions in stocks today were the smallest of the year. From opening to close quota-tions of the important stocks barely varied. Resumption of business after a week-end recess is expected ordina-rily to bring at least temporary activi-ty, owing to the accumulation of orty, owing to the accumulation of or-ders, but today, after a double holiday, commission brokers were empty hand-ed. London cabled lower prices for some members of the international group and placed a few selling orders here at the opening, principally in steel. Dear traders made experimental short sales, and prices dropped slight-ly at the opening, but the demand was sufficient to prevent a substantial dely at the opening, but the demand was, sufficient to prevent a substantial decline, and the market came to a halt before any important concessions were made among the important stocks. Some of the low priced shares developed weakness, but the representative issues were held virtually on a dead layer

level.

In the railroad list stocks of the Gould group were heaviest. Both issues of Wabash and of Denver and Rio Grande stocks reached the year's low figures, and Missouri Pacific was heavy. Rock Island common and preferred touched new low levels. Weakness also appeared in several industrials which recontly have moved widely, including Railway Steel Spring and

ly, including Railway Steel Spring and Mexican Petroleum. Professional operators were bearish, but lacking new material to work up-on, they were unable successfully to oppose the present tendency of the market to drift along idly while awaiting decisive developments in Mexico or elsewhere. The unruffled attitude of or elsewhere. The unrumed attitude of the British government in the face of the Benton affair in Mexico deprived the bears of a weapon which they used with some small success on Saturday, and Mexican affairs ceased, for the and Mexican affairs ceased, for the moment, to be a factor in Wall street. Lehigh Valley, the first important railroad to make its February report, showed a decrease of \$405,000 in net revenue. This report was offset by the fortnightly statement of idle freight cars, showing a further decrease in surplus equipment.

The bond market moved irregularly, Total sales, par value, \$2,575,000.

Two of the World's Best Wrestlers

Boston, Feb. 23.—When Stanislaus Zbyszko, the mighty Pole, and Alex Aberg, the unbeaten Finn, clash in Mechanics building on Thursday two of the world's foremost wrestlers will block the Feds and is reassuring for Mechanics building on Industry of the world's foremost wrestlers will be brought together in what is undoubtedly the biggest wrestling event ever decided in this country other than that in which Gotch won his world's championship from Hackenschmidt in Chicago.

upon as standing head and shoulders over all the other championship aspirants now in this country. The former has a remarkable record of unbroken victories for the last ten years, while the Pole has had only a single fall scored against him at catch as catch can rules in the last five years. He has not been beaten at catch as catch can style in a finish match since he met Gotch, and he has many supporters in his claims that he can reverse this resuit if given another chance.

To bring Aberg and Zbyszko together in Boston, George V. Touhey gives a purse that amounts practically to \$10,000, besides a bonus to Zbyszko to come to this country from France, where he was under contract at a big salary. The holders of this contract demand remuneration for its cancellation, thus adding to the amount that the Boston promoter had to guarantee to bring these mat giants together.
